

**BONALDO**

# Lupino

Designer: Mauro Lipparini

The table tops are made from discs of ash wood, supported by a lead-painted metal pipe. All of this rests on a base in marble or cement, which evokes the solid, stable shape of a rock. The lasting image is one of asymmetrical contrast

between the imposing base, the sleek body and the disc that forms the table top, emphasized by the elegant matching of different materials.

## Data sheet

Lupino H 43  
Width: 45cm
