

BONALDO

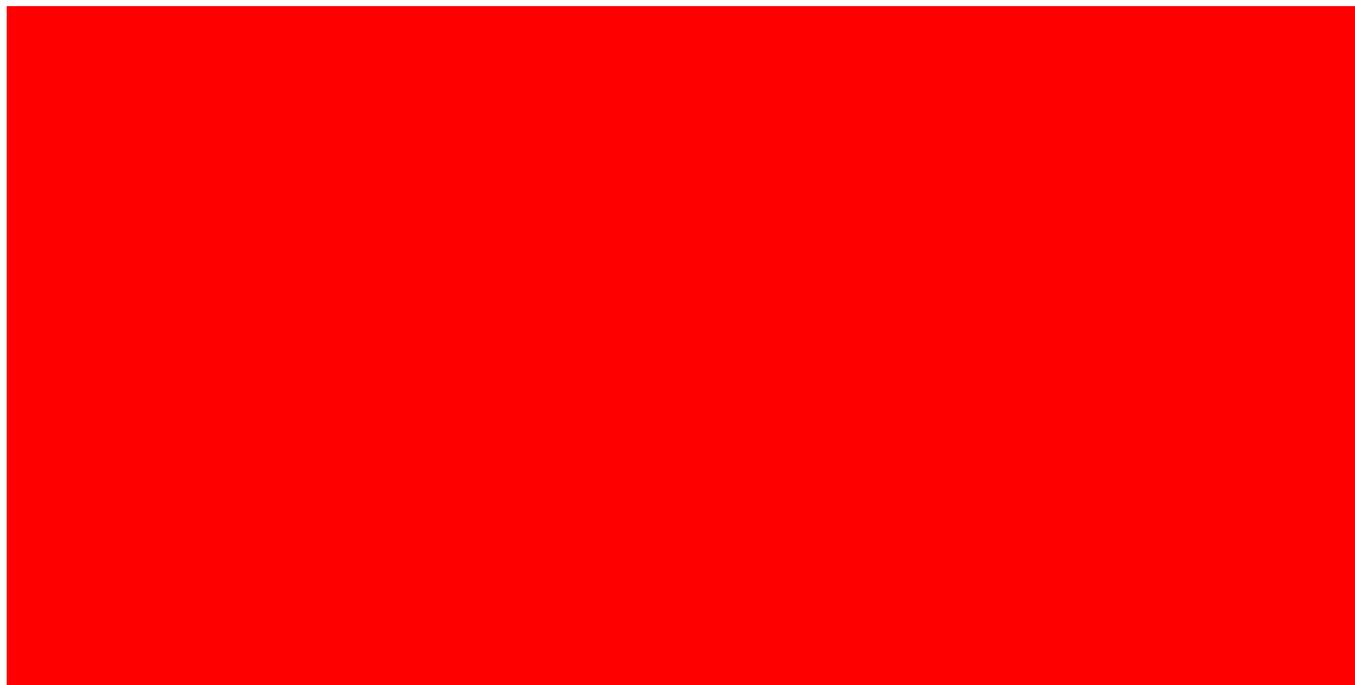

Duffy

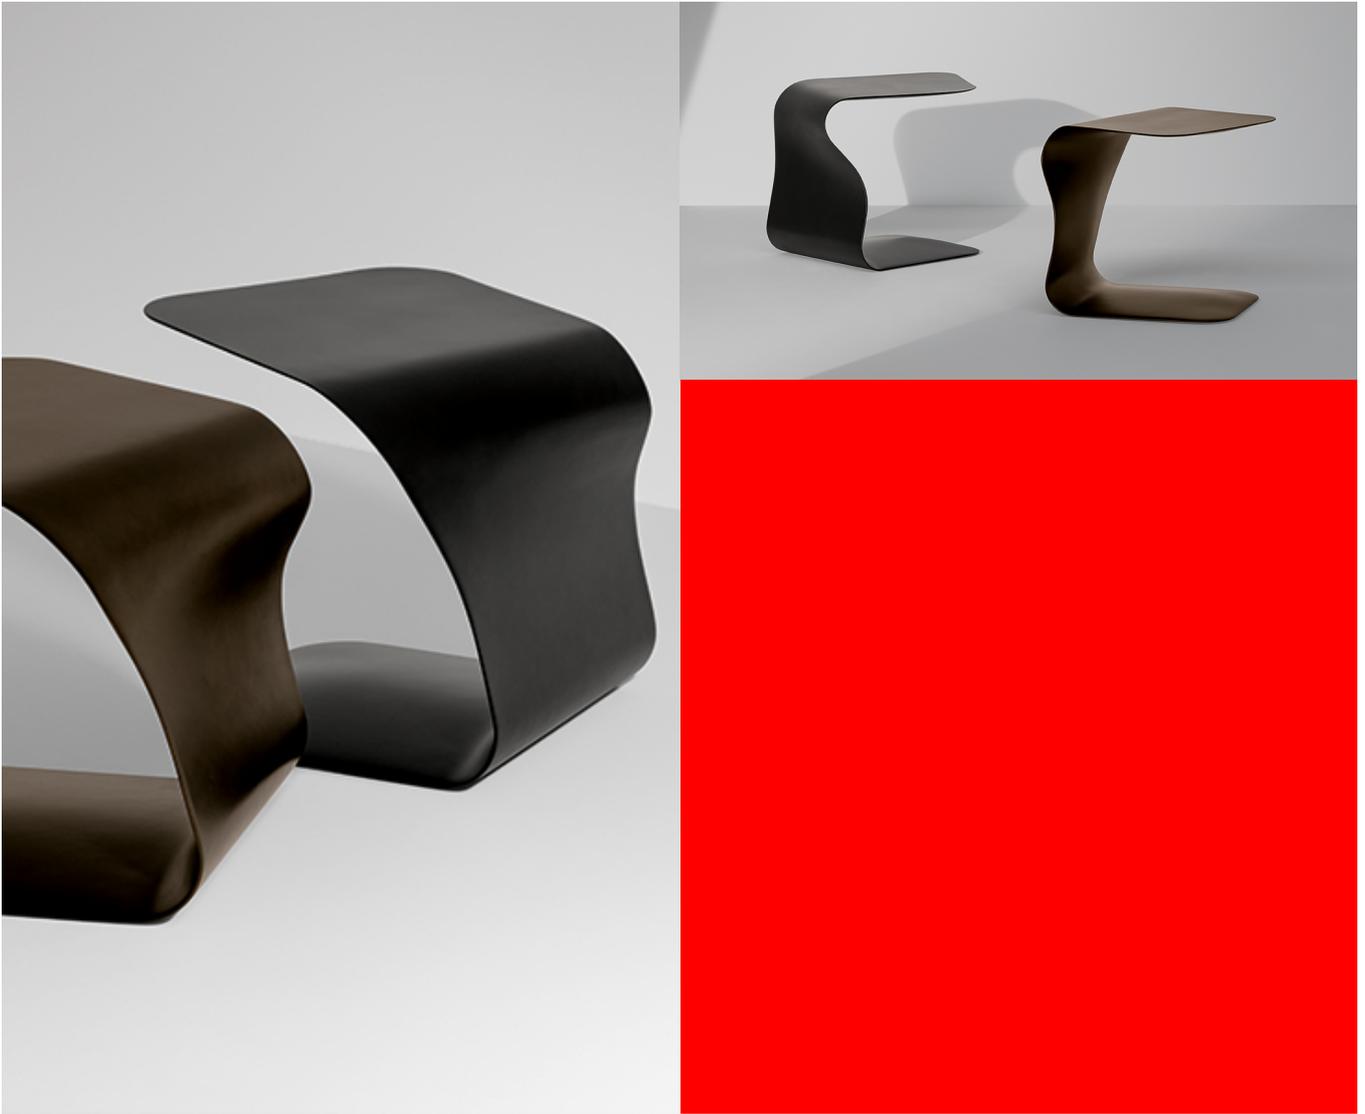

Designer: Mario Mazzer

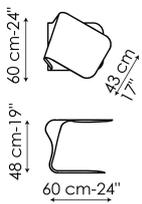

The transformation of a sinuous and well-balanced shape into an elegant structural element. Duffy's lines evolve in space with lightness and graphic value and are enhanced by a colour choice, expressed in four understated and refined colours. Practical and versatile, thanks to a very pure aesthetic and the dynamic relationships between full and empty as well as its small size, Duffy is a

coffee table of great simplicity, which fits with ease in environments variously connoted on the stylistic level. More than just a simple piece of furniture, the Duffy coffee table is a harmonious and expressive complement that is similar to a sculpture, unquestionably contemporary, innovative even in the material of which it is composed, high-density lacquered polyurethane.
